### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

- Amend the title to read "FILE SYSTEM JOURNAL MANAGEMENT".

2. The drawings filed on September 29, 2003 are acceptable subject to correction of the informalities: Figures 4, 5 and 6 are not in accordance with 37 CFR 1.84(p)(1) and 37 CFR 1.84(p)(3). There are lines through the text and numerals in these drawings.

In order to avoid abandonment of this application, correction is required in reply to the Office action. The correction will not be held in abeyance.

3. The following is an examiner's statement of reasons for allowance:

Regarding the language of claims 1, this is considered statutory in accordance with the guidelines set forth in MPEP 2106 since applicant has limited the claim to only those signal bearing mediums (cf. paragraph [0024] of the specification) that *tangibly* embody a program of machine-readable instructions – note *State Street*, 149 F.3d at 1373, 47 USPQ2d at 1601-02.

Regarding the cited prior art, none of the references cited by applicant or the examiner, taken alone or in combination, teach or suggest each and all of the features of the present claims.

Consequently, claims 1-23 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
